## Waverton Investment Management

Working in conjunction with Denton Associates, Art Contact was asked to oversee and manage the relocation programme for Waverton's artworks to their new offices.

Our brief included; the review of existing framing, assessment of any restoration/conservation requirements to the artwork, packing and moving of artwork to their new site and the installation of the artwork.

In advance of the move Art Contact pre-arranged the artwork layout for their new offices, which was presented to the client for approval.

Art Contact over saw and managed the packing and labeling of the artwork, prior to moving the existing artwork to the new site and installing them as arranged. Most of the artworks were re-framed in house, to suit the decor in their new offices.
